Funds raised during the county chapter drive are used to carry on the national work of the Red Cross, including disaster relief work, and the work of the county chapter.

Activities Listed

Recent reports of the Red Cross show that during the past fiscal year the county chapter assisted 654 veterans and servicemen's families at a cost of \$1,818.34, including direct financial assistance of \$975.04. That work included such things as verifying emergency leaves for servicemen, grants to widows until pensions had cleared and grants to student veterans until subsistence checks arrived.

Other work of the county chapter included the annual water safety classes held in various parts of the county where the Red Cross paid instructors to teach more than 400 children how to swim, at no cost to the youngsters or their parents; refresher courses in first aid for fire companies and others in which the Red Cross provided instructors and equipment.

First Aid Equipment

In addition the Red Cross carried on its usual production program in which the Red Cross provides wool and cloth for volunteers who make garments and articles for overseas and local relief. One of the expenses during the past year was the purchase of an army tent, two folding cots, and two water coolers in order to be able to set up a first aid station at any place and at any time needed. Home nursing classes have been carried out at a number of high schools, with 76 completing the courses last year. In addition the Red Cross provided a number of convalescent supplies including wheel chairs, crutches and a walker which are loaned as needed. Last year 10 patients used the wheel chair, three used the hospital bed provided by the Red Cross. 24 pairs of crutches were loaned and the walker was in continuous use.

The name of the New Oxford chairman was incorrectly listed as Mrs. Ruelle W. Wolf in Thursday's story about the Red Cross. Mrs. Ruelle W. Wolf is the New Oxford chairman.

LAND NEAR U.S.
CEMETERY SOLD

The property adjoining the Gettysburg National cemetery and which the government is seeking to purchase as an addition to the cemetery, has been purchased by William W. Hafer, York, for approximately \$12,000.

A deed recorded at the office of the county register and recorder shows that Hafer has purchased the five acres and four perches of land bought by J. F. and Caroline B. Little, Hanover, from the estate of S. McC. Swope. Stamps on the deed indicate that the purchase price was approximately \$12,000.

The Littles purchased the property from the Swopes in 1947 at a price of \$7,130. Since then the government has become interested in purchasing the land and last year allocated \$5,000 toward its purchase. This year attempts were being made to secure \$10,000 to buy the land.

If the government were to purchase the land it would be used to enlarge the National cemetery and provide space for additional graves for veterans. The burial of about 600 World War II veterans in the cemetery has about filled all available spaces for burials in the national cemetery.

The session marked the club's official observance of the 150th anniversary of the establishment of Adams county.

During the anniversary program, Mrs. Floyd King, Mrs. Bernard Murray and Mrs. Guyon E. Buehler gave items of interest of 25, 50 and 100 years ago. Miss Mary Dutler showed a shot pouch and holster worn by her grandfather in the Civil War, candle moulds, and a pair of "sweetheart lamps" which she said were lighted when a young lady of the household was entertaining. He presented an account of Indian life in the county; the participation of countians in the various wars; thumbnail sketches of prominent citizens of the early

35 Farmers Hear
Talks On Crops

Thirty-five county farmers attended the annual soils and crops day held by the Adams County Agricultural Extension association Thursday at St. James Lutheran church.

James H. Eakin and George H. Berggren, State College extension agronomist, led the discussion on such things as soil factors, fertilizer, soil tests, crop varieties, hay and pasture management and chemical weed control.

The experts pointed out that organic matter, lime and fertilizer must be present in proper proportions to provide profitably productive fields. Thorne wheat, Clinton 59 and 11 oats and Lincoln and Manchou soy beans continue as the most profitable varieties for Adams county farmers in most instances, they agreed, but noted that several new varieties are showing much promise. The type of soil in much of Adams county makes the production of hay and use of pastures for raising cattle the most economical and practical "crop" that can be grown in those areas, the experts agreed. Results of experiments in use of chemical weed killers were outlined.

Withdraw Charge
In Hog-Theft Case

Sterling Thomas, 39, of New Chester, arrested Thursday by state police of the Gettysburg substation on a larceny charge involving the alleged theft of a 300-pound hog owned by Guy Gebhart, Gettysburg R. 5, was released Thursday afternoon by Justice of the Peace Robert P. Snyder after Gebhart withdrew his complaint. The costs were assessed against Thomas.

Gebhart purchased the hog for \$53 at the Thomasville livestock market Wednesday afternoon, and loaded it into his trailer. When he got home the hog was gone. It had broken out of the trailer, and was cornered on the Lincoln highway near Cross Keys, and penned up at Bowen and McLaughlin's garage at Cross Keys.

Thomas went to the garage, claimed the hog, and took it home. He admitted having the hog when arraigned before Squire Snyder, and agreed to help load it on Gebhart's truck again.

HOLD EXAMS IN
LEGION'S ESSAY
CONTEST TODAY

Students from Adams county high schools whose essays were selected for competition in the county-wide American Legion contest were undergoing a pre-college entrance examination this afternoon at the Gettysburg high school.

The student obtaining the highest mark in the examination will be awarded the annual American Legion scholarship. Members of the testing staff of Gettysburg college are administering the examination.

Only those whose essays were selected to represent their high schools were accepted for the examination. Nearly all of the schools held essay contests on the subject, "Making Democracy Work." From among the essays written in each school, a number were selected to be submitted in the county contest. Each high school was allowed to enter one essay for each 25 members of the senior class, or major fraction thereof.

Judged At College

The essays will be judged by the English department of Gettysburg college. Dr. Lloyd C. Keefeauver, supervising principal of the Gettysburg joint school system, who is chairman of the committee in charge of the essay contest, announced.

Among the students who were selected in the various high school contests to represent their high schools in the county event were: Biglerville, Christine Heller, Paul H. Smith and Patricia Martin; Gettysburg, Ann Shyrook, Jackie Long, Nina Williams, Jean Wolfe, Wanda Currens and Arlene Lewis; Littlestown, Earl Humbert and Richard E. Wolfe, and New Oxford, Robert C. Truman Asks Fact-Finders For
Report; Seizure Bill Delayed

Washington, March 3 (AP)—The Senate labor committee today deferred action until tomorrow on legislation to pave the way for government seizure of the strike bound coal mines. The committee postponed a vote on a seizure bill by Senator Morse (R-Ore.) because of lack of a quorum.

Washington, March 3 (AP)—President Truman asked his coal fact-finding board for an immediate report today on the present situation in the contract dispute.

He also cancelled all engagements—other than a cabinet meeting—to give his full attention to the coal crisis. He had made engagements to receive half a dozen calls.

The White House announced the President's move but declined to say whether it was preliminary to some further presidential action such as a move to seize the mines or a personal appeal for a resumption of coal mining.

Presidential Press Secretary Charles G. Ross summoned reporters to his office and told them:

"The President this morning requested the fact finding board in the coal dispute to call a meeting of the parties—the operators and the union—and ascertain specifically what concession has been made by each party in the negotiations and where each party stands at this time on each issue in the dispute and report to the White House as soon as possible."

Ross said all members of the

MERCURY DROPS
TO 10 DEGREES

With the first day of spring less than three weeks away, Old Man Winter chalked up his lowest record for the winter this morning with an official low of 10 degrees here. The Arendtsville weather station reported the low there was 7 above zero and there were unofficial readings reported in various sections as low as zero this morning.

The previous low here was 11 degrees on February 20. On that date the mercury dropped to 10 above at Arendtsville.

All of Pennsylvania shivered in the coldest weather of the winter today. Sub-freezing temperatures are forecast through Sunday or Monday, the Associated Press said.

Four Below Near Uniontown

At the Mount Summit ski range, four miles east of Uniontown, the thermometer dropped four degrees below zero. It was the coldest weather in more than three years for Fayette county.

The weather man says it will be a little warmer across the state tonight, but not much. Temperatures (Please Turn to Page 2)

Held For Court On
Bad Check Charge

A log buyer who paid for a load of walnut logs with a check without sufficient funds in the bank to cover it signed a plea of guilty to a charge of issuing a bad check before Justice of the Peace Robert P. Snyder Thursday night, and was held for April sentence court. He furnished \$500 bail.

D. M. Henry, Spring Grove R. 2, the defendant, purchased the logs from A. C. Leatherman, Gettysburg R. 1, giving Leatherman a check for \$106 drawn on the First National Bank, York. The check was returned by the bank.

Federal Judge Richmond B. Keech issued an 80-day injunction this morning under the Taft-Hartley act. It repeats the language of his temporary order—that the miners shall go back to work and the union and operators shall bargain in good faith on a new contract.

However, the court has no more power to enforce the injunction than it had to enforce the temporary order. Nor is there any reason to think the miners will pay any more attention to it than they did to the earlier order.

Keech is the same judge who ruled the government had failed to prove the union was acting in contempt of the temporary "stop strike" order.

With the fuel shortage becoming more critical by the hour, government attorneys moved desperately to recover the ground they lost by a judge's decision yesterday that the United Mine Workers union was not in contempt of court.

MOOSE SEEKS
CLOTHES, FOOD
FOR MINE AREAS

A great need for clothing for children and elderly people in the mining areas was outlined Thursday evening by Governor Clifford Harman and Secretary Charles L. Lauman in reports made at the regular meeting of the local Moose lodge, held in the organization's home on York street.

Secretary Lauver, announcing plans for a collection of clothing, food and money for persons suffering as a result of the coal strike, said: "We don't sympathize with the striking coal miners, but when you see children walking around in the cold with nothing on their feet but some cloth you can't help wanting to give them shoes. The kids and the old people are not responsible for the strikes which have laid off their parents or children, but they have to suffer for it."

Ship On Monday

Moose throughout Pennsylvania agreed to sponsor a drive for clothing, particularly children's clothing, food and cash at the annual Governors and Secretaries conference held over the past week-end at Pittsburgh where reports on conditions in the coal mine areas were presented by officers of the Moose (Please Turn to Page 2)

SEEK NEW NAME
FOR ADAMS HOME

The Auxiliary to the Adams County home, which learned Thursday evening that it was the first organization of its kind in the state, today invited the submission of prospective names for the county property. Final decision on a new name would be made by the county commissioners.

The suggestion that the county institution be given a more pleasant title was made by Miss Margaret Kramer, representative of the state department of welfare, who met with the local organization Thursday evening at St. James Lutheran church. She said such names as "Fair Acres" and "Broad Acres" have been given to county farms in other parts of the state.

AIR INJECTION NOT FATAL SAYS DERMATOLOGIST

Baltimore, March 3 (AP)—A Baltimore physician has offered to have 40 cubic centimeters of air injected into his veins in behalf of the defense in the New Hampshire "mercy killing" trial.

Forty cubic centimeters is the amount allegedly injected into the veins of a Manchester, N. H., cancer victim for whose death Dr. Herman N. Sander is now being tried.

The defense will contend, however, that no more than 28 CCs were given, in a series of "shots."

Dr. Harry M. Robinson, professor of dermatology at the University of Maryland and instructor at Johns Hopkins Medical school, said yesterday he has injected "40 or more" centimeters of air into the veins of many patients without any harmful effects.

Cites Previous Cases
Dr. Robinson's offer stipulated that his son, also a physician, give the injection and that it be done in Baltimore. He said he can't leave the city at this time because of the demands of his practice.

Dr. Robinson said that in treatment of some patients where arsenic is used, "we often noticed small amounts of air in with the injection."

"I decided to investigate and started with two cubic centimeters of air, always with the patient's consent."

"I have seen injections of as much as 30 or 40 cubic centimeters without any effect whatsoever."

There is absolutely no danger from air injection into the veins."

BEAVERBROOK'S PRESS WOULD OUST STRACHEY

By WILLIAM N. OATIS
London, March 3 (AP)—Lord Beaverbrook's anti-Laborite newspapers today demanded the ouster of leftwinger John Strachey from his new post as war minister despite a stiff government denial that he ever was a Communist.

Both yesterday's tabloid Evening Standard and this morning's Daily Express played up some of Strachey's old pro-Communist statements, the likes of which twice got him into trouble with U. S. authorities on visits to America before the war.

The Standard said Strachey, named war minister this week, "remains an avowed communist," and "has never publicly repudiated his belief in communism."

A quick reply from Prime Minister Clement Atlee's official residence at No. 10 Downing Street called the charges "disgraceful." The statement declared that Strachey "has in the fullest sense been publicly identified with the Labor party's known attitude of opposition to the communist party and its doctrines."

The Beaverbrook newspapers pressed their demands at a time when the Labor government was already weakened after last week's general elections. Lord Beaverbrook is a close friend of Conservative Leader Winston Churchill.

The Express pointed to the fact that Strachey's new job would make him at least partly responsible for Britain's military intelligence setup, which is under fire as a result of the conviction of Dr. Klaus Fuchs.

The German-born atomic scientist sentenced to 14 years in prison for giving British and American atomic secrets to Russia, was a member of the communist party. The Standard said Atlee had called for a sweeping inquiry into Britain's military intelligence as a result of the case.

FIREMAN SAVES LIFE-SIZE DOLL BUT CHILD DIES

Oklahoma City, March 3 (AP)—A fireman mistook a life-size doll that cried "just like a baby" for a two-year-old girl and carried it from a flaming bedroom yesterday. The child suffocated.

Carolyn Thompson, daughter of Mr. and Mrs. Charles W. Thompson, was alone in her parents' upstairs apartment when the blaze broke out. The home is in the Will Rogers Field veterans housing unit.

The hysterical mother screamed for firemen to rescue her baby as they arrived on the scene. She couldn't reach her because of dense smoke.

Made Three Trips
Fireman Bob Coley dashed into a west bedroom where he had been told the child was sleeping, but failed to find her and had to return for air.

"Mrs. Thompson screamed to me that the baby was in another bedroom," Coley said. "I crawled on the floor to the bed. I couldn't see a thing because of the smoke but I felt something wrapped in a blanket. When I pulled it off the bed, it cried, just like a baby."

"When I got outside I saw it was just a doll—a big baby doll that cries."

Coley brought the child out on a third attempt, but was too late.

Scores Patronage In Health Dept.

Harrisburg, March 3 (AP)—Pennsylvania is the only state in the union where most of its health department employees are selected under the patronage system, Dr. George S. Klump, Williamsport, said here today.

"About 90 per cent of the workers (in the health department) are officially selected under the patronage system," said the chairman of the board of trustees of the Pennsylvania Medical Society. Dr. Klump addressed the final session of the annual conference of the society's secretaries and editors.

"It doesn't matter which major party is in power—both Democrats and Republicans have adopted this system," Dr. Klump continued, adding: "Improvement in the public health program is fundamentally dependent on a program of personnel administration based on merit. Of the 13 major industrial states, Pennsylvania is the only one without statewide merit system coverage."

Mrs. Paul Ramer, Mrs. Ramer, president, presided with 30 women in attendance. A social hour of cards and refreshments followed the meeting. The next meeting will be March 31 in the school basement.

Install Officers
Miss Caroline Rupp, retiring president, presided at the opening of the business meeting which followed. Miss Ruth Doud, executive director of the Y.W.C.A., was in charge of devotions and used a Lenten theme. The following new officers were installed by Mrs. Guyon E. Buehler, president of the Y.W. board: Miss Virginia Wright, president; Mrs. Philip Hughes, vice president; Miss Mary Dutta, secretary; Mrs. Paul Myers, treasurer.

Annual reports were presented by the following committee chairmen: Treasurer, Miss Sara Meharing; finance, Miss Doris Redding; service, Miss Rosea Armor; ways and means, Miss Roberta Bittinger; membership, Mrs. Bernard Murray, who stated that eight new members had been taken in during the year, making the total active membership 54; public affairs, Mrs. Buehler; program, Rosanna and Virginia Wright.

A \$10 contribution was voted to the Red Cross and \$10 to Mrs. Huston Simpson, who lost her home and all possessions in a fire Monday. Mrs. Simpson is a member of the International Wives club, with which the B. & P. club has had close contact since its organization, and the group amount will be augmented by gifts from individual members of the club. Miss Roberta Bittinger is receiving these gifts.

Committees were established for the year and names of those appointed to serve will be announced later.

Membership Meeting March 16
The club elected President Wright as its representative to the Board of Directors of the Y.W.C.A. Pages appointed for the April 13th business meeting were Mrs. Clapsaddle and Mrs. Murray.

Mrs. Murray, club member on the membership committee of the Y board, presented the national board's fee-sharing plan for consideration. This was unanimously approved, if adopted by the membership at the annual meeting on March 16. This would put into effect the \$15.00 annual membership fee for all YWCA members which is used by a majority of YWCAs. This plan, by vote of national convention, will become compulsory in 1952 and YWs who do not operate under it will be considered as not under the YW standard after that time.

Miss Doud called attention to the annual meeting of the YW membership which will be in the form of a dessert supper, costing 25 cents, on March 16, when annual reports of board committees and election of board members of the YW will be held. Reservations must be made at the Y not later than March 14.

Plan Reception
On March 9 the club will hold a reception for all past presidents. Fourteen presidents have served the club, for one to four-year terms, since the first president, Miss Maude Whiteleather, completed her term which began October, 1926, and ended March, 1928.

On March 30 the club will sponsor a public discussion on the national health insurance bill. Prof. William Stuart of the college faculty will take the affirmative side and Dr. R. W. Gifford the negative side.

Attendance prizes given by Miss Rupp and Miss Shenk were awarded to Miss Bittinger and Miss Nina Morrow. A rising vote of thanks was given to the retiring officers: Miss Rupp, president; Mrs. Richard Folkenroth, secretary; and Miss Meharing, treasurer. The meeting was adjourned with the recitation of the YW purpose.

News Briefs

Manchester, N. H., March 3 (AP)—A head nurse testified today that Mrs. Abbie Borroto had a death pallor and was not breathing some minutes before Dr. Hermann N. Sander injected air into the woman's veins. "I thought she was dead," said Mrs. Cecelia Smith, who had stopped at the patient's bedside in the Hillsboro county hospital last December 4.

Mrs. Smith, a defense witness, said she failed to detect any pulse in the 59-year-old cancer-stricken woman during her first visit to the bedside the morning Mrs. Borroto died.

New York, March 3 (AP)—The New York Times said today John L. Lewis, chief of the United Mine Workers, insists that neither public health nor safety is imperiled by the nationwide coal strike.

Lewis says there is enough coal on hand, if "fairly distributed," to last out the time needed to end the dispute, the newspaper reported. And he added that he could come to a quick settlement if the industry would send its "real owners" to bargain with him.

Washington, March 3 (AP)—A House Armed Services subcommittee will visit Valley Forge General hospital at Phoenixville, Pa., to determine if the Defense Department's economy program is jeopardizing medical care for military personnel and their families.

The subcommittee, headed by Rep. Rivers (D-S.C.), heard Maj. Gen. Raymond Bliss, army surgeon general yesterday. The subcommittee, appointed by Chairman Vinson (D-Ga.) of the full committee, plans to visit four other hospitals, possibly in about two weeks, as well as Valley Forge.

lodges in those areas. Food and clothing collected will be distributed by Moose lodges in the affected areas, Lawver said.

He added that donations should be turned in to the Gettysburg Moose home before Monday when the articles will be packed and shipped.

The coal strike is causing great distress among persons who are not miners, but are out of employment because of the mine workers' strike, Lawver added.

A \$50 donation was made by the local lodge to a fund voted at Pittsburgh where \$5,000 was raised by 142 Moose lodges represented at the meeting, Governor Harmon said.

Vote Donations
A \$100 donation to the Adams county heart fund and a \$25 contribution toward the AME Zion church were voted.

William Gilbert was named as representative of the Moose on the committee scheduled to arrange for Armed Forces Day, May 20.

An oyster supper for members only will be held March 22 from 5:30 to 9:30 p. m., it was announced. Plans were outlined to hold a free bingo for members each Friday evening starting in April.

Russell Mummert, Robert Neary and Edgar Beamer reported on a degree team meeting held last week at Harrisburg. The annual Pennsylvania Moose convention will be held at Allentown September 1 through 4, Secretary Lawver said.

Harry Oyler's orchestra will play for dancing March 3 and 4 and March 10 and 11 and Chapply Dell's orchestra will play March 17-18 and March 24-25, according to announcements at the meeting. Billfolds were ordered purchased to be given to annual dues payers next year.

CATTLE—A fairly broad clearance was effected, but this was due more to the fact supplies were of rather small volume than to a broad demand for cattle. Run estimated at 75 head held from earlier in the week. This number was not materially different from the supply on offer a week ago or a year ago, but the week to date volume showed a decrease of 15% from the like time last week and fell about 5% short of the supply offered the corresponding day in 1949. Salable supply of cattle included the equivalent of eight loads slaughter steers, a load of heifers and a load of stock cattle.

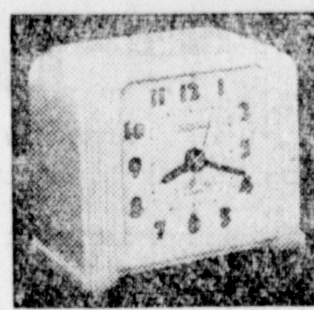

Bulk of slaughter steer supply consisted of medium and good, with choice scarce. Trading \$22.50. Few choice steers but prices showed little net change compared with earlier in the week. An individual choice 1,100-pound steer, \$29, day's top. Bulk of predominant supply of medium and good, \$24.50-26.50. Little offered of value to sell under \$24.50.

Heifers moved to an early clearance at fully steady prices. Run consisted of old head and small lot shipments and included an increased percentage of good grade offerings. Most of medium and good heifers \$22-25. Odd lots of canner to common \$15-20.

Trading, although uneven in cow division was fairly brisk and prices fairly steady to 50c. higher than Monday. Good cows scarce, but odd head \$18-20. Common and medium, \$15-17; canners and cutters, \$13-15. Shelly canners, \$11 and below.

Bulls fully steady to 50c. higher, but most of the advance was confined to the top. Outside high on good steers, \$22.50, few 22. Bulk of the good grade slaughter bulls, \$17.50-19.

Hardly enough stock cattle on offer to permit an accurate comparison of prices. Quotations remained nominally unchanged. Scattered small lots of medium and good, 600-800-pound stocker and feeder steers, \$22.50-23.00.

SOUTHWORTH IS CONFIDENT ON SAIN'S FUTURE

Bradenton, Fla., March 3 (AP)—Manager Billy Southworth says he has all the confidence in the world that Johnny Sain will have a fine year on the mound for the Boston Braves, and to make it unanimous Sain shares the confidence.

Tough breaks had a lot to do with Sain's indifferent 10-17 record last year after his fine 24-15 performance in 1948. Southworth insists.

"Best Outfield"

"He just had a lot of bad luck," says the sturdy little pilot who is making himself a comeback himself. "Balls were falling for cheap hits, and sometimes the support wasn't too good. He never complained of a sore arm. I guess his arm got tired sometimes."

Southworth, in going overboard for Sain, risks another ducking when he stoutly maintains his current outfield is the best he has had since coming to the Boston club in 1946.

"Even if Sam Jethroe (the negro speedster obtained from the Dodgers via Montreal) doesn't make it, I still say it is the best," Billy insists. "We have Sid Gordon and Willard Marshall and Louis Olmo and Tommy Holmes and others."

To Use Old Heads

It's quite probable Rookie Roy Hartsfield, from Milwaukee, will win the second base spot, and there is the chance Jethroe will spring himself into the center field position.

Otherwise, though, old heads probably will get the call. Earl Torgeson, fully recovered from the shoulder injury which shelved him most of last season, will be on first; Buddy Kerr, the ex-Giant, at short; the sturdy Bob Elliott on third; and possibly Gordon and Marshall, also ex-Giants, in left and right field respectively.

As a nucleus for a starting pitching staff Southworth has Sain, his southpaw ace, Warren Spahn, and Vernon Bickford. There is a strong possibility that Rookie Norman Roy from Milwaukee might earn a starter's job, but time alone will tell.

DALLASTOWN HI TOPS SCOTLAND

Dallastown high of the York County league led all the way to defeat the Scotland school eagles 38-27 in a quarter final playoff of the Class C District 3 PIAA tournament on the Gettysburg college floor Thursday evening before about 800 fans.

Paced by Ronny Neindel, Dallastown jumped out into an 8-0 lead in the early minutes of the first period. After Scotland had reduced the margin to 13-11 at half time, Dallastown took command in the second half on 10 straight points and was never in danger thereafter.

Neindel landed 20 points for the winners while Valentine and Jones were high for the Cadets with seven tallies each.

Dallastown next meets the winners to tonight's game between New Holland and Wrightsville in a semi-final game next Monday evening.

Baseball Briefs

(By The Associated Press)

Phoenix, Ariz., March 3 (AP)—Hank Behrman and Joe Lafata of the New York Giants, forced out of action by minor ailments, were expected back in action today.

Behrman, a relief pitcher, yesterday had a slight operation for removal of a cyst from his jaw. First base candidate Lafata came up with a swollen right ankle, which he had turned the day before.

Vero Beach, Fla., March 3 (AP)—Manager Burt Shotton of the Brooklyn Dodgers figures on using Billy Cox practically everywhere in the infield.

Shotton said he would even work Cox at first base, but there seems small chance for regular first sacker Gil Hodges losing that position.

Tucson, Ariz., March 3 (AP)—Manager Lou Boudreau, one of the slowest men on the Cleveland Indians team, turned out to be the most accurate bunter in initial tests of that skill yesterday. Coach Al Simmons had groundskeepers chalk-circles between home plate and first and home plate and third.

Lou was the only batter to hit the targets. All Indian pitchers except Bob Feller and Al Benton now have taken a turn at hurling for batting practice. Neither will pitch for several days.

Sarasota, Fla., March 3 (AP)—Righthanders Bob Gillespie, Charley Schanz and Gordie Mueller appear to be the Boston Red Sox pitching rookies receiving manager Joe McCarthy's closest inspection. Gillespie has been up before with the Tigers and White Sox and Schanz had a brief trial with the Phillies. Outfielder Dom DiMaggio has checked into camp and plans to get in three workouts before the other flycatchers report next week.

Clearwater, Fla., March 3 (AP)—Owner Bob Carpenter, Jr., of the Philadelphia Phillies said today he is looking for a "stand-in" for shortstop Gran Hamner.

Hamner, who sprained his ankle hunting two weeks before he was to report at the Phils' training camp, has been working out the past two days with the aid of a lot of tape and liniment.

A long drawn out injury to Hamner could hurt the pennant chances of the Phillies.

West Palm Beach, Fla., March 3 (AP)—Mrs. Ferris Fain was pressed into service as a nurse today to care for her husband, the Philadelphia Athletics' first baseman bedridden with a severe cold.

Lou Limmer, six foot-two inch rookie who batted 315 for Lincoln last season, filled in for Fain in the first formal infield drill.

Second baseman Pete Suder continued to display batting power, pounding five balls over the fence.

San Bernardino, March 3 (AP)—Manager Billy Meyer of the Pittsburgh Pirates had his complete squad on hand and is hoping for nothing more than a break from the weatherman today.

The late comers who have reported are pitcher Cliff Chambers and outfielder Marvin Rickert. They didn't miss much as training sessions were handicapped yesterday by bad weather.

Ralph Kiner, the Buc homerun slugger who has been sidelined with a cold, is expected to don a uniform today if the weather is any good.

BRADLEY FIVE MAY ENTER 2 CAGE TOURNEYS

New York, March 3 (AP)—Bradley university, the nation's No. 1 college basketball team, may yet college for an unprecedented tournament "slam" this month.

Already in the National invitation event, the bouncing Braves of Peoria, Ill., had the green light today to try for a berth also in the NCAA. Earlier the NCAA District Selection committee had slammed the door on them.

But, stirred to action by protests, the committee met last night in Kansas City and reversed itself.

Bradley's Missouri Valley champions, the committee ruled, may attempt to earn the District 5 berth by meeting the Big Seven titlist at Kansas City March 20.

No team has ever won both the National invitation and NCAA titles. Kentucky tried last year, losing in the first round of the invitation but capturing the NCAA. Duquesne missed the mark in an iron man stunt a few years ago.

Kentucky and Duquesne are other possibilities for double tournament action. The Wildcats are leading candidates for the NCAA District 3 post. Duquesne, already in the invitation, may get the District 2 assignment in the NCAA.

The dates of the invitation at Madison Square Garden are March 11, 13, 14, 16, 18. The NCAA Eastern eliminations are at the Garden March 23, 25. The Western eliminations are at Kansas City March 24-25 with the East-West final here March 28.

A fifth team was added to the 12-team invitation field last night with the acceptance of a bid by Syracuse university.

Community Cage League

The Motor Marketeers dropped from the running in the Community Basketball league playoffs Thursday evening by losing the first game of the evening to the Texas Lunch 49-44.

The score was close throughout and the outcome in doubt until the finish. Taylor and Heintzelman led the lynchmen while Tom McGlaughlin and Mountain were high men for the Marketeers.

In the second game the Glenn L. Bream garagemen encountered little trouble in disposing of the Soupers 39-24. Bushman and Carbaugh, opposing centers, paced their respective teams.

Next Monday the Texas Lunch will meet the Soupers at 7:15, with the winner meeting the Bream-men in the title series. A practice game will be played between the Marketeers and Breams in the second attraction of the evening.

Man's Death Breaks Town's Power Supply

Titusville, Pa., March 3 (AP)—Electric power was shut off 20 minutes last night after an Old City man was killed as his auto skidded from route 8 into a utility pole.

The victim was John A. Walcott, about 50, veteran health officer. The utility pole smashed Walcott's auto. A shower of sparks from live high tension wires prevented passersby from extricating his body until the power was turned off.

Officials could not determine if Walcott had been electrocuted. They said, however, injuries received when the pole toppled on his auto were sufficient to cause death.

Snyder Optimistic On Bank's Outlook

Lancaster, Pa., March 3 (AP)—Secretary of the Treasury John W. Snyder says business and banking are in "a healthy condition" with a good year in prospect for both.

Speaking last night at a meeting of the Lancaster chapter of the American Institute of Banking, Snyder said he based his opinion on the soundness of American economy, public confidence in the nation's future, tremendous buying power, and increasing demand for new products.

"Business generally is in a healthy condition," he said. "Business finances are strong. There is no evidence that the upturn over the past six months has reflected any expansion of inventories in excess of normal needs."

"It is evident that people are willing to buy freely because they have confidence in the future. There is general appreciation that incomes are rising, throughout the nation, are better protected than ever before."

Today's Talk

LUNCHEON TALK
Sitting at the table of a noted luncheon club in my town, and noting the famous names of each as I scanned the six or eight men came to me of how curious the talk is of such folks when off parade. About me sat a magazine editor, a book reviewer, a writer of biographies, a theatrical producer, a newspaper executive, and an ex-Congressman.

What was the talk that went on with such a distinguished group? Nothing formal or stilted, I can assure you. It was just pleasant talk about anything that happened to come to the mind of the talker. I have noted that the best known usually have the least to say. There is a great deal of "kidding" that goes on, for luncheon should be a happy affair, with as little talk that might interfere with normal digestion, for this latter is an important item. Food digests best with pleasant talk.

I have never liked luncheon where business talk goes on. That is for the office. But I do seek out a place in which to eat with my friend, that has a pleasant and pleasing atmosphere. That's half of the enjoyment of a meal. There it is that luncheon talk of a happy nature is sure to be produced.

When I worked on a farm, and harvest time came, I was always interested in the talk that went on at the noon day meal. It was called dinner then. There was a big table of workers and a hungry lot they were, but they talked on almost every topic under the sun except their jobs at hand, which furnished food for thought. That came extra, and all free! People who work the soil are thinking people and always worth listening to.

Luncheon talk should always be cheerful and light. I often seek a companion at this time who will stimulate the opposite mood that I may be entertaining, or at least to offer an antidote for it! Then I am enabled to go back to my office refreshed in both mind and body. I am sure that such an experience can be stimulating to anyone.

Tomorrow Mr. Adams will talk on the subject: "On Being Someone Else."

Just Folks

By EDGAR A. GUEST

OLD FOOL
I've been told I'm old enough
Not to fall for flattery's stuff;
That I clearly ought to see
All that time has done to me;
That the mirror plainly shows
I've a Jim Durante nose,
Wrinkled cheeks and thinning hair,
And should know while standing there
That I'm nothing to admire
Even in my best attire.

There's no fool, as I've been told,
Like a fool that's growing old.
And an old fool I must be
When a maiden on my knee
Gives my wrinkled cheek a kiss
And starts saying things like this:
"You look wonderful today!
And I love you dressed in gray."
Do I like it? Yes, I do
Though I know it can't be true.

Foolish knowpats all believe
Any praise which they receive.

DEMOCRATS TO PICK SLATE AT CAPITAL TODAY

Harrisburg, March 3 (AP)—The 13-man state Democratic policy committee meets today to "recommend" a slate of candidates to county chairmen.

The action will amount virtually to an endorsement since the Democratic state committee is rule-bound not to take a stand on party candidacies in the May 16 primary.

Richardson Dilworth, Philadelphia city treasurer, held the inside track for the gubernatorial recommendation. Philadelphia's Francis J. Myers already is assured the Democratic re-nomination for U. S. senator.

Myers and Congressman Tad E. Walter already have come out in favor of Dilworth. Dilworth's chief supporter, James A. Finnegan, is laying claim to backing from 48 counties. Finnegan is Philadelphia Democratic chairman.

Scotch Anti Reports

Finnegan scotched reports yesterday that Dilworth is hostile to any particular figure as a running-mate on the ticket. The move was interpreted as one to let no anti-Dilworth sentiment develop at the last-minute to block the anticipated endorsement.

"There had been a report that Dilworth would be against Judge Michael Musmanno of Allegheny county as a candidate for lieutenant governor. Musmanno already has come out for governor."

Although Myers and Walter have come out for Dilworth, Mayor David L. Lawrence of Pittsburgh has kept mum about endorsements. Lawrence is the third member of the Democratic "big three" in Pennsylvania.

He is expected to push for an Allegheny county Democratic figure on the slate, possibly Coroner William D. McClelland of Pittsburgh for Secretary of Internal Affairs.

McClelland, however, is a candidate for governor.

Others Mentioned

The name of U. S. District Judge Guy K. Bard is certain to be discussed among the gubernatorial possibilities since nomination petitions already are being circulated in his behalf. Bard has not officially announced his candidacy.

State Sen. Frank W. Ruth of Berks county has been discussed as

a possible candidate for lieutenant governor since he comes from rural Berks and is an ordained minister.

Top drawer attention also has been given to speculation that Judge Michael Egan of Lackawanna county and Judge W. Russell Carr of Fayette county will get the nod for state Supreme Court and state Superior Court, respectively.

Independent Democrats who have announced for governor include Clarence Bowers, Reading battery manufacturer; Henry Arthur Morris, Mahanoy City businessman, and Mayor John S. Davis of Reading. Morris took out nomination petitions yesterday.

Pennys Official Is Speaker For Lions

J. F. Mann, York, district freight representative of the Pennsylvania railroad was guest speaker at the semi-monthly meeting of the Littlestown Lions club held Thursday evening in Bankert's restaurant. His topic was, "Truth in Government" and dealt with socialism, and the atom and hydrogen bombs. He told of his visit to Nagasaki and described some of the destruction wrought by the dropping of the bomb. The Eastern Railroad's Presidents' conference committee, New York city, arranged for Mr. Mann's visit to the Lions club.

It was announced that the local club is helping to pay the bill for a hearing aid for a local child. This meeting was in charge of the Sight Conservation and Blind committee consisting of John R. Bloom, Chester S. Byers and Edgar A. Wolfe. The next meeting will be held Thursday, March 16, in charge of a special committee consisting of John F. Feaser, John R. Bloom and Chester S. Byers.

Announcement was made that the annual Amateur show will be held Thursday, April 13, in the Littlestown high school auditorium, with John R. Bloom as chairman of the committee.

Estimate Over Half Million Idled By Soft Coal Strike; Navy Aids Public Institutions

Pittsburgh, March 3 (AP)—The Navy came to the aid of coal-short institutions in seven states today as the fuel shortage grew more acute across the nation.

The Charleston (S. C.) Naval base made available 17,000 tons of coal for public institutions in the Sixth Naval district. It is made up of South Carolina, Georgia, North Carolina, Florida, Tennessee, Mississippi and Alabama.

Maine's Governor Frederick G. Payne asked the Air Force for use of coal stored in the deactivated Presque Isle base for that northern Maine city's schools which have only a two week supply.

Unemployment Mounts

Unemployment continues to mount. It is estimated unofficially that at least 225,000 workers in allied industries have joined the 372,000 striking United Mine Workers in idleness.

More and more emergency measures are going into effect in an effort to keep the growing paralysis from strangling America's economy.

Henry Ford II, head of Ford Motor company, says "the entire country will be shut down in two weeks" if coal production isn't resumed soon. In Montana, Calif., the Kaiser Steel corporation announced a 10 to 20 per cent steel production cut with a corresponding layoff among 5,000 employees.

At Warren, Ohio, the Packard

Electric division of General Motors furloughed 1,200 employees due to an industrial gas curtailment.

In some sections of the country, particularly in Ohio, the cold weather has forced use of more gas for home heating, thereby slashing the amount available for industries.

In the Youngstown-Cleveland area, 700 factories served by the East Ohio Gas company either have shut down or curtailed operations.

Despite the increasingly critical situation, users of electricity—manufactured in plants which rely on coal—are not going along fully with conservation plans.

The situation is so serious in New York state that Coal administrator Bertram Tallamy has ordered electrical service cut off for persistent violators of brownouts on electrical advertising displays.

Tallamy also warned of "more drastic cuts" in electricity and gas consumption unless the coal strike ends within a week. The present brownout limits show windows and advertising displays to electric bulbs

COAL STRUGGLE ON HUGE SCALE MEANS BIG LOSS

By JAMES MARLOW
Washington, March 3 (AP)—Like two muscle-bound giants slugging each other in a glass house, the coal miners and the mine owners may wreck the house before either of them gives in.

This is a titanic union-employer struggle, one of the historic ones, although its true size may have been lost sight of in the bewildering maze of statements, fruitless meetings, court actions, maneuverings.

Ever since last May, on and off, the miners and owners have been trying to reach an agreement to replace their contract which expired last June or, rather, they've been going through the motions.

Huge Loss
Already millions upon millions of dollars have been lost by the miners, because of the weeks away from their job, and by the owners, because of the unreaped profits from their shut-down mines.

Meanwhile, the nation's health and welfare are moving toward the point of crisis, as every passing day chews up what's left of the nation's rapidly disappearing supply of mined coal.

The end is not in sight. The mine owners, beaten into submission year after year by John L. Lewis, the miners' boss, have stood up to him this time, unyielding, as if to make this the great show-down.

If they cave in now, then their 10 months' fight and the millions they've lost through unmined coal will have been wasted.

Used T-H Law
If the miners surrender and return to work on the owners' terms, then the millions in pay they sacrificed by staying home will be money out the window.

Through the Taft-Hartley act, which it passed several years ago to settle various labor disputes, a

majority in Congress thought it had the solution for a national crisis like this.

In an emergency, under T-H, the government could ask a federal judge to order strikers back to work for 80 days. In this case the government used T-H and got a judge to issue a back-to-work order.

Would Seize Work?
If the miners had obeyed, gone back to work, mined coal for 80 days, built up a new supply, and then struck after the 80 days, as they could under T-H, warm weather would be here. A strike then wouldn't be felt so keenly.

But the miners didn't obey. They let the crisis mount. That turns the national emergency section of T-H into a "flop," said Senator Morse yesterday. This Oregon Republican wants the government to seize the mines.

Once that happened, the miners would be considered government employees. Then, as its employees, the government could call on the miners to return to the pits until a settlement is reached with the owners.

As government employees, would the miners have to end their strike? There's no law compelling any individual to work against his will.

TITO GIVEN MORE U.S. AID

Washington, March 3 (AP)—The United States, after granting another \$20,000,000 loan to help shore up Yugoslavia's economy, appears ready to hand out more if Marshal Tito runs into new financial trouble.

The credit which the Export-Import bank granted Wednesday, in response to urgent pleas for help, is the second in the past six months.

It offers new evidence of this country's readiness to take "calculated risks" to help Tito win his life-and-death fight to remain independent of Moscow.

The new credit is to be used mainly to buy American raw materials and machinery and supplies now cut off from Yugoslavia by a tight Russian-led trade blockade.

Government officials said the money should give Yugoslavia another six-month breathing spell while it strives to switch more of its exports to the western dollar markets.

But they said it is entirely possible that the Yugoslav dictator will be back after that with a new loan application.

Because of the cold war, political

GE Denies Rival Unions Recognition

New York, March 3 (AP)—With two rival sets of union officers claiming recognition at some of its plants, the General Electric Co. has decided not to recognize either set.

G.E. Vice President L. R. Boulware said Wednesday the company had withdrawn recognition from union officers claiming to represent 27,000

factors as well as strict economic considerations would influence the Export-Import bank in judging any further Yugoslav bids for American financial aid.

The bank is under heavy pressure from the State department to do all it can to assist Tito.

employees at plants in Philadelphia, Syracuse, N. Y., and Lynn and Pittsfield, Mass.

The action was the latest development in the jurisdictional battle between the United Electrical Workers (UE), expelled recently from the CIO on grounds it was Communist-dominated, and the new CIO International Union of Electrical Workers (IUE).

The company said former UE officers had switched to the IUE, and that the UE had sent national representatives to assume the officers' duties at plants in the four cities. Now both groups claim recognition, the company said.

Says Premonition Saved Her Life

Pittsburgh, March 3 (AP)—Mrs. Joseph Yourick, 41, says it must have been a premonition which kept her from being buried under the wreckage of her front porch.

She was preparing to go onto the porch to clean a window when she returned to the kitchen.

"Something—I don't know what—stopped me and I walked back," she declared.

Just about that time the porch was smashed to the ground by

hundreds of bricks which fell from the front of the home yesterday. Police said an exceptionally heavy wind was responsible.

Since the introduction of the 16-inch television receiver, manufacturers report it is fast becoming the popular set.

MAKES PLAT OF LOCAL CAMPUS

The Rev. Paul B. Lucas, pastor of Second Lutheran church, Chambersburg, has completed work on the preparation of a plat of the campus and buildings of the Gettysburg Lutheran Theological seminary.

A draftsman and surveyor before he became a minister and a member of the board of directors of the seminary, Mr. Lucas undertook the task at the request of the Rev. Dr. Abel R. Wentz, president of the seminary.

Originally proposed as a project for the benefit and use of the directors, its drawing expanded during the studies and measurements incident to completion will be made a part of the seminary bulletin and may be made available to the alumni and visitors. The original order for 1,000 copies has been expended to 3,000.

When Mr. Lucas began work on the plat, there was every indication that the task would be a brief and relatively simple one. A survey of the outline of the campus, showing metes and bounds and most of the buildings, revised as of 1948, was available. But Mr. Lucas early discovered that some checking needed to be done. This set him off on a

Firemen Served Meat Cooked In Locker

Catawissa, Pa., March 3 (AP) — After flames destroyed their home Wednesday, Mr. and Mrs. George Blecker looked through the wreckage.

In the kitchen was a deep freeze locker containing a quantity of meat. Blecker opened the locker and discovered some of the meat literally was cooked to a turn.

After counting up his loss—which he estimated at \$20,000, including \$4,000 in cash left in a bureau drawer—Blecker and his wife served the cooked meat to weary firemen in the form of sandwiches.

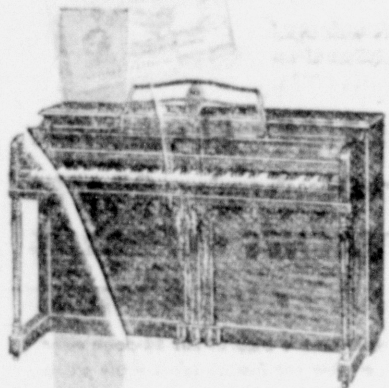

Washington, Mar. 3 (AP) — Government officials said Wednesday that Russia's new currency change probably marks the beginning of the period of "ruble diplomacy" in exploitation of the communist satellite.

Evidently the Russians are also trying to use the ruble as a propaganda weapon even beyond the communist area by showing it off as a monetary unit even more dependable, in their claim, than the American dollar.

ELECTORAL BILL CALLED "DEAD"

Washington, March 3 (AP)—A survey of the House rules committee and the House leadership indicated Thursday that the Lodge-Gossett bill to abolish the electoral college is dead for this session of Congress.

The bill would submit to the states a proposed constitutional amendment. This, if ratified by 36 states, would discard the present system of giving the winning Presidential candidate the entire electoral vote of a state and, instead, split up the electoral vote among the candidates in ratio to their popular vote totals.

It already has passed the Senate and is in the House rules committee. If it clears the rules committee, it must get a two-thirds vote of the House before being submitted to the states.

For two reasons, many Republicans in the House don't think much of the proposal.

First, they believe it will hurt them in large northern states which they normally carry for their Presidential nominee and in which they now receive the entire electoral vote under the so-called "unit rule."

Second, many of them want to kill the proposal because it bears the name of Senator Lodge (R-Mass.), who has disagreed at times with the policies of the regular Republican leadership in Congress.

SENIOR SCOUT GROUP FORMED BY OLDER BOYS

During the past two weeks a new organization has been formed for Boy Scouts in Littlestown, to be known as Senior Scouts. This group includes the boys 14 years of age and over, who were previously members of Troop No. 84, and any other boy of the community who is 14 or older that applies for membership. At present 21 are enrolled in this group.

This group is under the leadership of the Senior Scout Adviser George Ditlow, mathematics and industrial arts teacher in the Littlestown Junior-Senior high school. The troop elected Victor Reynolds as crew leader and Dean Bankert as secretary.

The Senior Scout committee is composed of two representatives from the Littlestown Rotary club and two from the Littlestown Lions club. They are: Edward Leister, Clarence R. Reck, Henry E. Waltman and Sterling Wisotzky.

Patrols Re-organized

The next meeting of the Senior Scouts will be held Tuesday evening at 7 o'clock in the basement of the Littlestown State bank.

Organization of new patrols has become necessary for the scouts under 14 because of the older boys leaving and becoming Senior Scouts. The following patrol organization has just been announced by the leaders: Dean Selby, patrol leader; Barron Cornell, assistant; Leroy Basehoar, James Sellman, Kenneth Bucher and Kenneth S. James; George Snyder, patrol leader; Ronald Streiving, assistant; Larry Sentz, Jack Stites, Kelly Pottorff and William Simons; Terry Brown, patrol leader; James Hollinger, assistant; James Carpenter, Larry Shelly, Kenneth Miller, Arthur Shanbrook and Arthur Barnes; Lee Krout, patrol leader; Larry Worley, assistant; Larry Snyder, Larry Jones and Robert B. Snyder. Later, names will be chosen for these four patrols. This group will continue to meet on Wednesday nights at 7 o'clock in the basement of the Littlestown State bank building.

The following scout leaders will have charge of advancements for this group: John Way, Cubs and new scouts coming into the troop; Ed Geiman, second class, and Edgar A. Wolfe, first class.

A fire school was conducted on Monday evening in the Bonneville Fire hall under the auspices of a representative from the state. This school was attended by representatives from the Bonneville, Kingsdale and Conewago Fire companies. This school will continue for 18 weeks and the course of instruction includes methods of fighting fires, instructions on pumping, climbing and placing ladders; handling of hose and rescue work.

The second session of this school will be held Monday evening at 7:30 o'clock at the Bonneville fire hall. The monthly meeting of the Bonneville Fire company will be held Tuesday, March 7, at 7:30 p. m. in the fire hall.

There will be both a girls' and a boys' game with the girls' game preceding. Admission will be 30 cents and 50 cents. Proceeds will go to the letter and sweater fund.

SCOUT TROOP MEETS

There was a meeting of the recently organized Littlestown Girl Scout Troop No. 13, Mrs. Clyde Crouse, leader, and Miss Jeanne Reck, assistant, on Thursday evening in the fire hall, when routine business was transacted. Because of conflicts with the meeting of another girl scout troop, it has been necessary to again change the meeting night of this troop. Future meetings of the troop will be held in the fire hall on Monday evenings at 7:30 o'clock.

SCHOOL CALENDAR

Tonight at 8 o'clock in the Littlestown high school auditorium, a three-act play entitled, "Brother Goose," will be presented by the members of the junior class.
